PROFESSIONAL SUMMARY

UI/UX designer combining Figma interface design with a practical foundation in HTML5, CSS3 and JavaScript. Creates interfaces and digital content at Ifelse Technologies, including social media posts and promotional videos. Experienced in reviewing user feedback, documenting requirements and collaborating with teammates to improve web interfaces.

SKILLS

- **UI/UX & Web Design:** Figma, user interface design, user experience, user feedback analysis
- **Front-End Development:** HTML5, CSS3, JavaScript, dynamic filters, form validation
- **Collaboration:** requirements documentation, stakeholder coordination, teamwork
- **Data & Reporting:** SQL, MySQL, Excel, Google Sheets, trend analysis, dashboards
- **Digital Marketing:** social media content, promotional videos, Instagram Ads, Meta Advertising

EXPERIENCE

UI/UX Designer + Digital Marketing **Jul 2026 - Present**
Ifelse Technologies, Chennai, Tamil Nadu, India

- Design user interfaces in Figma to support UI/UX project requirements.
- Create social media content for Instagram and YouTube marketing channels.
- Support digital marketing activities through content and promotional video creation.

Full Stack Development Intern **Feb 2025 - May 2025**
AgileTribers | Nagercoil, Tamil Nadu, India

- Analyzed user interactions and feedback to identify patterns and inform interface improvements.
- Documented stakeholder requirements to align sprint deliverables with project goals and deadlines.
- Investigated recurring technical issues and worked with teammates to resolve root causes.
- Communicated progress and blockers, and shared development practices with teammates.

PROJECTS

Guest Accommodation and Reservation System **2025**
HTML5, CSS3, JavaScript

- Built booking and reservation workflows with real-time availability tracking and data validation.
- Designed dynamic filters and reporting views to help users understand accommodation availability.
- Implemented client-side form validation to keep reservation data accurate and consistent.
